

*Office of the Superintendent*  
*INTEROFFICE MEMORANDUM*

June 7, 2011

TO: Members, Board of School Trustees

FROM: Dwight D. Jones

SUBJECT: Preparation For Board Discussion On Policy Implications Related To  
*A Look Ahead: Phase I Preliminary Reforms Report*

---

As discussed at the last Board meeting, Item 6.01 on this evening's agenda will provide us with additional opportunity to discuss the content of my Phase I Report: A Look Ahead. I offer this memo to help guide that discussion.

In consideration of the Board's policy-making role, I have identified the main operational changes proposed in the report and examined the policy implications (Attachment 1). Since most of my proposed changes will continue to comport with existing policy and board direction, I do not anticipate the need for significant policy changes, though a few areas are noted in the pages that follow.

I have also attached a crosswalk between my proposals and the Board's Executive Limitations, Board Superintendent Linkage, and Ends, as appropriate (Attachment 2). This, too, may be helpful in the course of our dialog.

I look forward to our discussion, and encourage you to contact me before the meeting if you have any questions about this information. I trust the preparation for Board discussion is deemed helpful.

Thank you.
